

| SPECIFICATIONS PARAMETER |                                   |
|--------------------------|-----------------------------------|
| OPERATING VOLTAGE        | DC24-26V                          |
| RATED CURRENT            | IR, R, V / W, G, B<br>1.6/2.2A    |
| RATED POWER              | IR, R, V / W, G, B<br>38.4/52.8W  |
| PEAK CURRENT             | IR, R, V / W, G, B<br>3.2/4.4A    |
| PEAK POWER               | IR, R, V / W, G, B<br>76.8/105.6W |
| WAVELENGTH OF LIGHT      | IR 940nm                          |
|                          | R 620-625nm                       |
|                          | G 520-530nm                       |
|                          | B 465-470nm                       |
|                          | V 365-400nm                       |
| W 6500-7000K             |                                   |

|           |             |       |                |          |
