

| SPECIFICATIONS PARAMETER |                                |
|--------------------------|--------------------------------|
| OPERATING VOLTAGE        | DC24-26V                       |
| RATED CURRENT            | IR, R / W, G, B<br>900/1200mA  |
| RATED POWER              | IR, R / W, G, B<br>21.6/28.8W  |
| PEAK CURRENT             | IR, R / W, G, B<br>1800/2400mA |
| PEAK POWER               | IR, R / W, G, B<br>43.2/57.6W  |
| WAVELENGTH OF LIGHT      | IR 850-940nm                   |
|                          | R 620-625nm                    |
|                          | G 520-530nm                    |
|                          | B 465-470nm                    |
|                          | W 6500-7000K                   |
