| SPECIFICATIONS PARAMETER |                              |
|--------------------------|------------------------------|
| OPERATING VOLTAGE        | DC24-26V                     |
| RATED CURRENT            | IR, R/W, G, B<br>280/400mA   |
| RATED POWER              | IR, R/W, G, B<br>6.72/9.6W   |
| PEAK CURRENT             | IR, R/W, G, B<br>560/800mA   |
| PEAK POWER               | IR, R/W, G, B<br>15.44/19.2W |
| WAVELENGTH OF LIGHT      | IR 850-940nm                 |
|                          | R 620-625nm                  |
|                          | G 520-530nm                  |
|                          | B 465-470nm                  |
|                          | W 6500-8000K                 |

|           |            |                |          |           |
